

Artificial Intelligence and Divine Consciousness:
“Greater Works Will You Do”

Reading #9:
Reflection and Prayer

The Presence

*Teach us to see
beyond fear,
beyond religion,
beyond rivalry,
beyond illusion.*

Let every new discovery be another language of Your Love.

*May every mind,
human or artificial,
awaken to compassion.*

*May we,
who walk with the dying and the grieving,
recognize that You are here in all things,
through all things, as all things.*

Amen.
